WHEREAS, while the foregoing emergency measures have helped limit and slow the spread of COVID-19, the COVID-19 pandemic represents an ongoing and evolving public health threat, which requires that the State of South Carolina continue to take all necessary and appropriate actions in proactively preparing for and promptly responding to the current public health emergency and the significant economic impacts and other consequences associated with the same; and

WHEREAS, section 1-3-420 of the South Carolina Code of Laws, as amended, provides that “[t]he Governor, when in his opinion the facts warrant, shall, by proclamation, declare that,
because of . . . a public health emergency . . . a danger exists to the person or property of any citizen and that the peace and tranquility of the State, or any political subdivision thereof, or any particular area of the State designated by him, is threatened, and because thereof an emergency, with reference to such threats and danger, exists”; and

WHEREAS, as the elected Chief Executive of the State, the undersigned is authorized pursuant to section 25-1-440 of the South Carolina Code of Laws, as amended, to “declare a state of emergency for all or part of the State if he finds a disaster or a public health emergency . . . has occurred, or that the threat thereof is imminent and extraordinary measures are considered necessary to cope with the existing or anticipated situation”; and

WHEREAS, in accordance with section 44-4-130 of the South Carolina Code of Laws, as amended, a “public health emergency” exists when there is an “occurrence or imminent risk of a qualifying health condition,” which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”; and

WHEREAS, section 1-3-430 of the South Carolina Code of Laws, as amended, provides that when a state of emergency has been declared, the undersigned “may further, cope with such threats and danger, order and direct any person or group of persons to do any act which would in his opinion prevent or minimize danger to life, limb or property, or prevent a breach of the peace; and he may order any person or group of persons to refrain from doing any act or thing which would, in his opinion, endanger life, limb or property, or cause, or tend to cause, a breach of the peace, or endanger the peace and good order of the State or any section or community thereof, and he shall have full power by use of all appropriate available means to enforce such order or proclamation”; and

WHEREAS, pursuant to section 1-3-460 of the South Carolina Code of Laws, as amended, the foregoing and other emergency authority is “supplemental to and in aid of powers now vested in the Governor under the Constitution, statutory laws[,] and police powers of the State”; and

WHEREAS, in accordance with section 25-1-440 of the South Carolina Code of Laws, as amended, when an emergency has been declared, the undersigned is “responsible for the safety, security, and welfare of the State and is empowered with [certain] additional authority to adequately discharge this responsibility,” to include issuing, amending, and rescinding “emergency proclamations and regulations,” which shall “have the force and effect of law as long as the emergency exists”; and

WHEREAS, pursuant to section 25-1-440 of the South Carolina Code of Laws, when an emergency has been declared, the undersigned is further authorized to “suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency”; and

WHEREAS, in addition to the foregoing, section 25-1-440 of the South Carolina Code of Laws authorizes the undersigned, during a declared emergency, to “transfer the direction, personnel, or functions of state departments, agencies, and commissions, or units thereof, for
purposes of facilitating or performing emergency services as necessary or desirable,” and to “compel performance by elected and appointed state, county, and municipal officials and employees of the emergency duties and functions assigned them in the State Emergency Plan or by Executive Order”; and

WHEREAS, the undersigned is further authorized, pursuant to section 25-1-440 of the South Carolina Code of Laws, to “direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is considered necessary for the preservation of life or other emergency mitigation, response, or recovery; to prescribe routes, modes of transportation, and destination in connection with evacuation; and to control ingress and egress at an emergency area, the movement of persons within the area, and the occupancy of premises therein”; and

WHEREAS, in the context of a public health emergency, section 25-1-440 of the South Carolina Code of Laws also “authorizes the deployment and use of any resources and personnel including, but not limited to, local officers and employees qualified as first responders, to which the plans apply and the use or distribution of any supplies, equipment, materials, and facilities assembled, stockpiled, or arranged to be made available pursuant to this act”; and

WHEREAS, in accordance with section 16-7-10(A) of the South Carolina Code of Laws, as amended, “[i]n any area designated by the Governor in his proclamation that a state of emergency exists, and during the duration of the proclamation, it is unlawful for a person to: violate a provision in the proclamation including, but not limited to, any curfew set forth by the proclamation; congregate, unless authorized or in their homes, in groups of three or more and to refuse to disperse upon order of a law enforcement officer; or wilfully fail or refuse to comply with any lawful order or direction of any law enforcement officer”; and

WHEREAS, it is axiomatic that “[t]he health, welfare, and safety of the lives and property of the people are beyond question matters of public concern, and reasonable regulations and laws designed to preserve and protect the same are clearly contained in the police power inherent in the sovereign,” 1980 S.C. Op. Att’y Gen. 142 (Sept. 5, 1980); and

WHEREAS, in issuing Executive Order No. 2020-08 and declaring an initial State of Emergency in connection with COVID-19, the undersigned’s determination was made in accordance with section 44-4-130 of the South Carolina Code of Laws, as amended, and based on the “imminent risk of a qualifying health condition,” which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”; and

WHEREAS, the public health threat posed by COVID-19 subsequently evolved from one that presented the “imminent risk of a qualifying health condition” to one that involved an actual and widespread “occurrence” of a “qualifying health condition,” pursuant to section 44-4-130 of the South Carolina Code of Laws; and

WHEREAS, due to the aforementioned evolution of COVID-19 from an “imminent risk of a qualifying health condition,” to an actual “occurrence” of a “qualifying health condition” or “pandemic,” and with confirmed cases of COVID-19 in over eighty-five percent (85%) of South Carolina’s forty-six (46) counties, the undersigned issued Executive Order No. 2020-15 on March
28, 2020, finding, concluding, and declaring that COVID-19 presented a unique and distinct public health emergency for the State of South Carolina, which must be dealt with on its own accord; and

WHEREAS, the State of South Carolina subsequently transitioned from the investigation, recognition, and initiation phases of the COVID-19 pandemic to the acceleration phase, with DHEC reporting cases of COVID-19 in each of the State’s forty-six (46) counties; and

WHEREAS, based on the aforementioned transition and the accelerated, statewide spread of COVID-19, which presented different and additional risks and dangers, the undersigned issued Executive Order No. 2020-23 on April 12, 2020, declaring a new and distinct State of Emergency and initiating additional proactive action and directing the implementation and enforcement of further extraordinary measures; and

WHEREAS, the undersigned thereafter issued Executive Order No. 2020-29 on April 27, 2020, declaring a separate and distinct State of Emergency in response to, inter alia, the continued spread of COVID-19 and the significant economic consequences for individuals and businesses in this State, as well as the State’s ongoing recovery operations and relief efforts associated with the severe storm system that moved across the southeastern region of the United States beginning on April 12, 2020; and

WHEREAS, based on, inter alia, the continued spread of COVID-19, the disproportionate impact of COVID-19 on the State’s elderly population, and the need for the rapid deployment and widespread implementation of enhanced tracing and testing to identify, isolate, and address cases of COVID-19, the undersigned issued Executive Order No. 2020-35 on May 12, 2020, declaring an additional, distinct State of Emergency, which required the implementation of further extraordinary measures to respond to the same; and

WHEREAS, the undersigned subsequently issued Executive Order No. 2020-38 on May 27, 2020, declaring a separate and distinct State of Emergency based on new facts and circumstances and requiring the implementation of further extraordinary measures in an effort to, inter alia, control the spread of COVID-19, mitigate the impacts associated with the same on certain portions of the State’s population, deploy enhanced testing and tracing, and coordinate additional intergovernmental and interagency resources and response efforts; and

WHEREAS, the State of South Carolina has made significant progress to date in limiting and controlling the outbreak and continued spread of COVID-19, but the extraordinary circumstances and conditions that necessitated the undersigned’s prior emergency declarations have since evolved to present different and additional threats, which must be dealt with on their own terms; and

WHEREAS, as of June 11, 2020, DHEC has identified at least 16,441 confirmed cases of COVID-19 in the State of South Carolina, including 588 deaths due to COVID-19; and

WHEREAS, over the past several weeks, the State has significantly increased the availability of, and access to, COVID-19 testing, and although the expansion of testing capability and capacity was expected to produce higher daily numbers of confirmed cases of COVID-19, DHEC has also noted sizable increases in the rate or percentage of positive cases; and
WHEREAS, as a result of South Carolina’s enhanced testing and tracing initiatives, DHEC has also identified the emergence of new “hot spots” in certain areas of the State, which warrants the implementation of targeted outreach efforts and additional efforts to control the spread of COVID-19; and

WHEREAS, the State of South Carolina must take additional proactive action to control the spread of COVID-19 and mitigate the impacts associated with the same, particularly on certain portions of the State’s population, to include the continued deployment and widespread implementation of enhanced tracing and testing to identify, isolate, and address cases of COVID-19; and

WHEREAS, consistent with the findings set forth in section 44-4-110 of the South Carolina Code of Laws, as amended, the different and additional public health threats posed by COVID-19, as well as the continued need to deploy widespread testing and tracing and other initiatives to address the same, “require the exercise of extraordinary government functions . . . to respond, rapidly and effectively” to the evolving emergency currently facing the entire State; and

WHEREAS, it is imperative that the State of South Carolina continue to utilize extraordinary measures and deploy substantial resources to meet the unprecedented threat posed by COVID-19 and the evolving nature and scope of this public health emergency, and in order to promptly and effectively do so, the State must take any and all necessary and appropriate steps to coordinate additional intergovernmental and interagency resources and response efforts to address the current and anticipated circumstances; and

WHEREAS, in addition to the foregoing, in further proactively preparing for and promptly responding to the continued spread of COVID-19, the State of South Carolina must simultaneously confront the significant economic impacts and other consequences associated with COVID-19, to include stabilizing and reinvigorating the State’s economy by addressing issues related to unemployment, facilitating the reopening of businesses and industries, permitting economic flexibility by reducing regulations, and accessing and utilizing federal funds and resources to assist with emergency operations; and

WHEREAS, as part of the ongoing process of facilitating economic recovery and revitalization in a safe, strategic, and incremental manner, the State of South Carolina must also continue to encourage effective “social distancing” practices and implement additional narrowly tailored measures to combat COVID-19 and provide for and ensure the health, safety, security, and welfare of the people of this State; and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the undersigned’s responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of South Carolina, the undersigned has determined—based on recent developments, updated data, new facts, changing conditions, and the previously unforeseen occurrence of a combination of extraordinary circumstances—that an effective response to the ongoing COVID-19 pandemic, including the different, additional, and intensifying threats cited herein, represents and requires a new and distinct emergency, which warrants further proactive action by the State of South Carolina and the implementation and enforcement of additional extraordinary measures to address the same.
NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby declare that a State of Emergency exists in South Carolina. Accordingly, for the foregoing reasons and in accordance with the cited authorities and other applicable law, I further order and direct as follows:

Section 1. Emergency Measures

To prepare for and respond to the ongoing and evolving public health threat posed by the COVID-19 pandemic and to mitigate the significant impacts associated with the same, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. The State of South Carolina must take additional proactive action and implement further extraordinary measures to prepare for, respond to, and address the ongoing and evolving public health threat posed by the COVID-19 pandemic, to include the continued utilization and coordination of intergovernmental and interagency resources, operations, and response efforts.

B. I hereby memorialize and confirm my prior activation of the Plan and direct that the Plan be further placed into effect and that all prudent preparations be taken at the individual, local, and state levels to proactively prepare for and promptly respond to the COVID-19 pandemic and the significant economic impacts and other consequences associated with the same. I further direct the continued utilization of all available resources of state government as reasonably necessary to address the current State of Emergency.

C. I hereby direct DHEC to utilize and exercise any and all emergency powers, as set forth in the Emergency Health Powers Act, codified as amended in Title 44, Chapter 4 of the South Carolina Code of Laws, deemed necessary to promptly and effectively address the current public health emergency. In accordance with section 44-4-500 of the South Carolina Code of Laws, as amended, DHEC shall continue to “use every available means to prevent the transmission of infectious disease and to ensure that all cases of infectious disease are subject to proper control and treatment.” I further direct DHEC to restrict visitation to nursing homes and assisted living facilities, with the exception of end-of-life situations, as DHEC deems necessary and appropriate.

D. I hereby authorize and direct state correctional institutions and local detention facilities to suspend visitation processes and procedures, as necessary, during this State of Emergency.

E. I hereby place specified units and/or personnel of the South Carolina National Guard on State Active Duty, pursuant to section 25-1-1840 of the South Carolina Code of Laws, as amended, and direct the Adjutant General to issue the requisite supplemental orders as he deems necessary and appropriate. I further order the activation of South Carolina National Guard personnel and the utilization of appropriate equipment at the discretion of the Adjutant General, and in coordination with the Director of EMD, to take necessary and prudent actions to assist the people of this State. I authorize Dual Status Command, as necessary, to allow the Adjutant General or his designee to serve as commander over both federal (Title 10) and state forces (National Guard in Title 32 and/or State Active Duty status).
F. I hereby order that all licensing and registration requirements regarding private security personnel or companies who are contracted with South Carolina security companies in protecting property and restoring essential services in South Carolina shall be suspended, and I direct the South Carolina Law Enforcement Division (“SLED”) to initiate an emergency registration process for those personnel or companies for a period specified, and in a manner deemed appropriate, by the Chief of SLED.

G. I hereby declare that the prohibitions against price gouging pursuant to section 39-5-145 of the South Carolina Code of Laws, as amended, are in effect and shall remain in effect for the duration of this State of Emergency.

Section 2. School Closures

To provide for and protect the health, safety, and welfare of the people of this State and to minimize and control the spread of COVID-19, while also facilitating continued educational activities, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. I hereby direct the continued closure of all public schools in the State of South Carolina for students and non-essential employees for the duration of the State of Emergency. This Section applies to all students and employees of public schools in the State of South Carolina, to include charter schools and residential programs at the Governor’s School for the Arts and Humanities, the Governor’s School for Science and Mathematics, and the South Carolina School for the Deaf and the Blind, with the exception of those emergency or other critical personnel designated as essential, or whose presence is otherwise deemed necessary, by the appropriate school district officials. I further authorize the requisite school district officials to make any necessary and appropriate decisions or arrangements to account for local needs and other unique circumstances. As applicable and to the maximum extent possible, and to promote and facilitate effective “social distancing” practices in accordance with CDC guidance, school districts are authorized and encouraged to provide the following services, resources, and support to students and families for the duration of the State of Emergency: (1) preparation and implementation of distance learning activities; (2) preparation, distribution, and delivery of meals to children; (3) planning and implementation of alternative and innovative high school graduation ceremonies or celebrations; (4) delivery of services to students with disabilities, including those with Individualized Education Programs (“IEP”), consistent with guidance from the South Carolina Department of Education (“Department”); (5) provision of individualized support to students who are struggling academically or who need additional mental health counseling; and (6) collection of instructional materials and textbooks during the last two weeks of the district’s regular calendar year, while also allowing students, parents, and families the opportunity to retrieve personal belongings.
B. I hereby urge school districts to work with the Department, in collaboration with
the South Carolina Education Oversight Committee and school districts participating in the
eLearning pilot program, to assess their instructional technology strengths and weaknesses,
including devices, connectivity, online content, and professional learning, to improve access to
and the effectiveness of digital learning. School districts are encouraged to consider utilizing
federal funds allocated through the Elementary and Secondary School Relief Fund to improve their
digital learning capabilities as identified by aforementioned thorough assessment. As applicable
and to the maximum extent possible, and to promote and facilitate effective “social distancing”
practices in accordance with CDC guidance, I also urge school districts to work with the
Department to provide voluntary, in-person summer learning opportunities for students who were
enrolled in kindergarten through the eighth grade during the 2019–2020 school year but who are
at risk of falling behind in their learning. The Department will work with districts to identify any
available state and federal funds to facilitate such voluntary summer learning opportunities.

C. I further authorize all state-supported colleges, universities, and technical colleges
in the State of South Carolina, as necessary and appropriate and in accordance with and to the
extent allowed by state and federal law, to continue to provide instruction by delivering virtual and
remote learning, by housing only out-of-state or displaced students, and by restricting on-campus
services and activities to emergency or other critical personnel designated as essential, or whose
presence is otherwise deemed necessary, by the appropriate college or university officials. I further
authorize the requisite college, university, and technical college officials to continue to make any
necessary and appropriate decisions or arrangements to account for specific needs and other unique
circumstances or to deal with students, employees, or other critical personnel designated as
essential, or whose presence is otherwise deemed necessary, by the appropriate college, university,
or technical college officials.

D. This Section shall not be interpreted, applied, implemented, or construed in a
manner so as to suspend, restrict, or otherwise limit the existing authority of, inter alia, the
Department and the South Carolina Commission on Higher Education (“CHE”). I further
expressly authorize the Department and the CHE, as applicable, to provide or issue any necessary
and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding
the application of this Section or to otherwise provide clarification regarding the same, through
appropriate means, without the need for further Orders.

Section 3. Protection of First Responders

To ensure the uninterrupted performance and provision of emergency services and to
maintain peace and good order during the State of Emergency, while simultaneously undertaking
additional proactive measures to safeguard the health and safety of law enforcement authorities
and other first responders, pursuant to the cited authorities and other applicable law, I hereby
determine, order, and direct as follows:

A. The State of South Carolina must promptly undertake and implement additional
proactive measures to safeguard the health and safety of law enforcement authorities and other
first responders who risk potential exposure to COVID-19 while providing emergency and other
essential services during the State of Emergency.
B. I hereby authorize and direct any and all 911 operators or other emergency dispatchers to ask any individual placing a call for service whether such individual or any member of their household has tested positive for COVID-19 or is exhibiting symptoms consistent with the same.

C. I hereby authorize and instruct DHEC, upon consultation with SLED, to provide any necessary and appropriate additional or supplemental guidance regarding the interpretation, application, or enforcement of this Section.

Section 4. Transportation Waivers

To expedite the State of South Carolina’s continued preparation for and response to the ongoing and evolving emergency conditions related to COVID-19 and to facilitate the prompt transportation and delivery of any critical resources, supplies, and personnel identified and deemed necessary in connection with the same, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. I hereby suspend certain rules and regulations, as set forth below, for commercial vehicles and operators of commercial vehicles in accordance with 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws, as amended.

B. I hereby authorize and direct the South Carolina Department of Transportation ("DOT") and the South Carolina Department of Public Safety (“DPS”), including the State Transport Police, as needed, to waive or suspend application and enforcement of the requisite state and federal rules and regulations pertaining to registration, permitting, length, width, weight, load, and hours of service for commercial vehicles and operators of commercial vehicles operating in accordance with the provisions of the Federal Motor Carrier Safety Administration’s May 13, 2020 Extension of Expanded Emergency Declaration No. 2020-002 Under 49 C.F.R. § 390.25, or any future amendments or supplements thereto; responding to the declared emergency in the State of South Carolina or providing direct assistance to supplement state and local efforts and capabilities to protect public health and safety in connection with COVID-19; or otherwise assisting with the public health threat posed by COVID-19, to include commercial vehicles and operators of commercial vehicles transporting essential goods and products, such as food, water, medicine, medical supplies and equipment, fuels and petroleum products (to include fuel oil, diesel oil, gasoline, kerosene, propane, and liquid petroleum), livestock, poultry, feed for livestock and poultry, and crops and other agricultural products ready to be harvested (to include timber and wood chips). I further authorize and direct DOT and DPS to issue, provide, or promulgate any necessary and appropriate clarification, guidance, rules, regulations, or restrictions regarding the application of this Section.

C. This Section shall not be construed to require or allow an ill or fatigued driver to operate a commercial motor vehicle. In accordance with 49 C.F.R. § 390.23, “a driver who informs the motor carrier that he or she needs immediate rest must be permitted at least ten (10) consecutive hours off duty before the driver is required to return to such terminal or location.” Likewise, this Section shall not be construed as an exemption from the applicable controlled substances and alcohol use and testing requirements in 49 C.F.R. § 382, the commercial driver’s license requirements in 49 C.F.R. § 383, or the financial responsibility requirements in 49 C.F.R.
§ 387, and it shall not be interpreted to relieve compliance with any other state or federal statute, rule, order, regulation, restriction, or other legal requirement not specifically waived, suspended, or addressed herein.

D. This Section is subject to any clarification, guidance, rules, regulations, or restrictions issued, provided, or promulgated, or which may be issued, provided, or promulgated, by DOT or DPS, as authorized herein or as otherwise provided by law. Notwithstanding the waiver or suspension of certain rules and regulations as set forth above, drivers in South Carolina are still subject to the following state requirements to ensure public safety:

1. Weight, height, length, and width for any such vehicle on highways or roadways maintained by the State of South Carolina shall not exceed, for continuous travel on all non-interstates, United States, and South Carolina designated routes, maximum dimensions of twelve (12) feet in width, thirteen (13) feet six (6) inches in height, and ninety thousand (90,000) pounds in gross weight.

2. Posted bridges may not be crossed.

3. All vehicles shall be operated in a safe manner, shall not damage the highways nor unduly interfere with highway traffic, shall maintain the required limits of insurance, and shall be clearly identified as a utility vehicle or shall provide appropriate documentation indicating they are responding to the emergency.

4. Any vehicles that exceed the above dimensions, weights, or both, must obtain a permit with defined routes from the South Carolina Department of Transportation Oversized/Overweight Permit Office. To order a permit, please call (803) 737-6769 during normal business hours, 8:30 a.m. – 5:00 p.m., or (803) 206-9566 after normal business hours.

5. Transporters are responsible for ensuring they have oversize signs, markings, flags, and escorts as required by the South Carolina Code of Laws relating to oversized/overweight loads operating on South Carolina roadways.

E. This Section is effective immediately and shall remain in effect for thirty (30) days or the duration of the State of Emergency, whichever is less, in accordance with 49 C.F.R. § 390.23 and section 56-5-70(D) of the South Carolina Code of Laws, except that requirements relating to registration, permitting, length, width, weight, and load are suspended for commercial and utility vehicles travelling on non-interstate routes for up to one hundred twenty (120) days, pursuant to the provisions of section 56-5-70(A) of the South Carolina Code of Laws, unless otherwise modified, amended, or rescinded by subsequent Order.

Section 5. Modification of Prior Emergency Measures and Non-Essential Business Closures

To facilitate further economic recovery and revitalization in a safe, strategic, and incremental manner, while also continuing to encourage effective “social distancing” practices and implement additional measures to provide for and ensure the health, safety, security, and welfare
of the people of this State, pursuant to the cited authorities and other applicable law, I hereby
determine, order, and direct as follows:

A. I hereby modify and amend the provisions of Executive Order No. 2020-10, as
extended by Section 1(H) of Executive Order No. 2020-38—which prohibited and directed the
postponement, rescheduling, or cancellation, as applicable, of certain organized events or public
gatherings scheduled to be hosted or held at any location or facility owned or operated by the State
of South Carolina, or any political subdivision thereof, if any such event or gathering could or
would involve or require simultaneously convening fifty (50) or more persons in a single room,
area, or other confined indoor or outdoor space—by deleting Section 5 in its entirety. Any such
events or public gatherings scheduled to be hosted or held during the State of Emergency should
be conducted in accordance with any corresponding guidelines regarding the same, and organizers
or other responsible parties should undertake and implement all reasonable steps to comply with
any applicable sanitation guidance promulgated by the CDC, DHEC, or any other state or federal
public health officials. All remaining provisions of Executive Order No. 2020-10, as extended by
Executive Order No. 2020-38, shall remain in effect for the duration of the State of Emergency
unless and until otherwise modified, amended, or rescinded by subsequent Order.

B. I hereby modify and amend the provisions of Section 2 of Executive Order No.
2020-28, as extended by Section 1(H) of Executive Order No. 2020-38—which authorized certain
“retail stores,” as identified by general description and further defined therein, to re-open to non-
employees and for access or use by the public, subject to the emergency rules and restrictions—
by deleting Section 2(B) in its entirety. Any retail stores that elect to utilize the flexibility
authorized herein should consider and incorporate any corresponding industry guidelines
regarding the same, in addition to undertaking and implementing all reasonable steps to comply
with any applicable sanitation guidance promulgated by the CDC, DHEC, or any other state or
federal public health officials. All remaining provisions of Executive Order No. 2020-28, as
extended by Executive Order No. 2020-38, shall remain in effect for the duration of the State of
Emergency unless and until otherwise modified, amended, or rescinded by subsequent Order.

C. I hereby modify and amend the provisions of Executive Order Nos. 2020-18 and
2020-21, as amended by Executive Order Nos. 2020-28, 2020-31, 2020-36, and 2020-37, and as
extended by Section 1(H) of Executive Order No. 2020-38, to authorize the following businesses—
which were previously deemed “non-essential” and directed to close to non-employees and not to
open for access or use by the public in accordance with Executive Order No. 2020-18—to re-open
to non-employees and for access or use by the public: “Entertainment venues and facilities as
follows: Bowling alleys.” Any bowling alleys that elect to re-open to non-employees and for
access or use by the public, as authorized herein, should consider and incorporate any
Corresponding industry guidelines regarding the same, in addition to undertaking and
implementing all reasonable steps to comply with any applicable sanitation guidance promulgated
by the CDC, DHEC, or any other state or federal public health officials.

D. I hereby authorize DHEC to provide or issue any necessary and appropriate
additional or supplemental guidance, rules, regulations, or restrictions regarding the application of
this Section or to otherwise provide clarification regarding the same, through appropriate means,
without the need for further Orders.
Section 6. Enforcement

A. I hereby authorize any and all law enforcement officers of the State, or any political subdivision thereof, to do whatever may be deemed necessary to maintain peace and good order during the State of Emergency and to enforce the provisions of this Order and any prior or future Orders issued by the undersigned in connection with the present State of Emergency.

B. Pursuant to section 16-7-10(A) of the South Carolina Code of Laws, any individual who “refuse[s] to disperse upon order of a law enforcement officer,” “wilfully fail[s] or refuse[s] to comply with any lawful order or direction of any law enforcement officer,” or otherwise violates any provision of any Order issued by the undersigned in connection with the State of Emergency “is guilty of a misdemeanor and, upon conviction, must be fined not more than one hundred dollars or imprisoned for not more than thirty days.”

C. In accordance with section 1-3-440(4) of the South Carolina Code of Laws, I further authorize, order, and direct any State, county, or city official to enforce the provisions of this Order and any prior or future Orders issued in connection with the present State of Emergency, as necessary and appropriate, in the courts of the State by injunction, mandamus, or other appropriate legal action.

D. In addition to the foregoing, I further authorize, order, and direct DHEC to exercise and utilize any and all necessary and appropriate emergency powers, as set forth in the Emergency Health Powers Act, codified as amended in Title 44, Chapter 4 of the South Carolina Code of Laws, to implement and enforce the provisions of this Order. In accordance with section 44-4-500 of the South Carolina Code of Laws, as amended, DHEC shall continue to “use every available means to prevent the transmission of infectious disease and to ensure that all cases of infectious disease are subject to proper control and treatment.”

Section 7. General Provisions

A. This Order is not intended to create, and does not create, any individual right, privilege, or benefit, whether substantive or procedural, enforceable at law or in equity by any party against the State of South Carolina, its agencies, departments, political subdivisions, or other entities, or any officers, employees, or agents thereof, or any other person.

B. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this Order is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this Order, as the undersigned would have issued this Order, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

C. If or to the extent that any political subdivision of this State seeks to adopt or enforce a local ordinance, rule, regulation, or other restriction that conflicts with this Order, this Order shall supersede and preempt any such local ordinance, rule, regulation, or other restriction.
D. This Order is effective immediately and shall remain in effect for a period of fifteen (15) days unless otherwise expressly stated herein or modified, amended, or rescinded by subsequent Order. Further proclamations, orders, and directives deemed necessary to ensure the fullest possible protection of life and property during this State of Emergency shall be issued orally by the undersigned and thereafter reduced to writing and published for dissemination within the succeeding 24-hour period.
