

EXECUTIVE ORDER NO.

2024-17

WHEREAS, on August 4, 2024, the undersigned issued Executive Order No. 2024-16, declaring a State of Emergency due to the threats posed by Tropical Storm Debby, which subsequently made landfall along the coast of the State of Florida as a hurricane on August 5, 2024, before impacting the State of South Carolina and other areas in the southeastern region of the United States with strong winds and significant and sustained rainfall, as well as other severe weather conditions, including flash, urban, and river flooding; and

WHEREAS, on August 4, 2024, the undersigned also requested that the President of the United States declare that an emergency exists in the State of South Carolina pursuant to Section 501 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5191–5193 (“Stafford Act”), and the President granted this request on August 5, 2024, for an incident period beginning on August 4, 2024, and continuing; and

WHEREAS, in addition to Tropical Storm Debby’s immediate, short-term impacts—which included strong winds, storm surge, numerous tornadoes, dangerous flash and urban flooding, and other hazardous weather conditions—the storm also produced historic rainfall across significant portions of the State of South Carolina, which now presents different and additional threats and warrants the State continuing to take any and all necessary and appropriate actions in proactively preparing for and promptly responding to the significant impacts associated with the same and in protecting and preserving property, critical infrastructure, communities, and the general safety and welfare of the people of this State; and

WHEREAS, the substantial and sustained rainfall associated with Tropical Storm Debby—which totaled over twelve (12) to eighteen (18) inches in certain areas of the State of South Carolina—saturated soils and caused significant river flooding, with numerous rivers in South Carolina remaining at flood-stage levels and additional flooding anticipated through next week as water flows downstream through the Waccamaw River, the Pee Dee River, and the Edisto River; and

WHEREAS, the aforementioned river flooding has necessitated evacuating residents from impacted areas, and evacuation operations are still ongoing in portions of the State as certain rivers are expected to remain in flood stage through at least August 23, 2024; and

WHEREAS, although local, state, and federal officials continue to conduct damage assessments, based on preliminary indicators, Tropical Storm Debby and corresponding and continuing hazardous conditions have damaged hundreds of homes and other private structures and required the closure of more than fifty (50) roads and bridges to date; and

WHEREAS, as the State continues to support county and local governments in facilitating or assisting with emergency response and recovery efforts and life-safety operations, the undersigned has been advised that it is necessary and appropriate to maintain activation of the South Carolina National Guard and other state emergency operations to support ongoing initiatives and to provide for the health, safety, and welfare of the public; and

WHEREAS, in light of the foregoing, and because the extraordinary circumstances and conditions that necessitated the undersigned's prior emergency declaration have since evolved and now present different and additional threats that must be dealt with on their own terms, the undersigned has determined that it is necessary and appropriate for the State to take additional proactive action to facilitate current and future emergency management, response, recovery, and relief efforts in connection with the ongoing river flooding and other evolving impacts and hazardous conditions associated with Tropical Storm Debby; and

WHEREAS, as the elected Chief Executive of the State, the undersigned is authorized pursuant to section 25-1-440 of the South Carolina Code of Laws, as amended, to "declare a state of emergency for all or part of the State if he finds a disaster . . . has occurred, or that the threat thereof is imminent and extraordinary measures are considered necessary to cope with the existing or anticipated situation"; and

WHEREAS, in accordance with section 25-1-440 of the South Carolina Code of Laws, when an emergency has been declared, the undersigned is "responsible for the safety, security, and welfare of the State and is empowered with [certain] additional authority to adequately discharge this responsibility," to include issuing, amending, and rescinding "emergency proclamations and regulations," which shall "have the force and effect of law as long as the emergency exists"; and

WHEREAS, pursuant to section 25-1-440 of the South Carolina Code of Laws, when an emergency has been declared, the undersigned is further authorized to "suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency"; and

WHEREAS, in addition to the foregoing, section 25-1-440 of the South Carolina Code of Laws authorizes the undersigned, during a declared emergency, to "transfer the direction, personnel, or functions of state departments, agencies, and commissions, or units thereof, for

purposes of facilitating or performing emergency services as necessary or desirable,” and to “compel performance by elected and appointed state, county, and municipal officials and employees of the emergency duties and functions assigned them in the State Emergency Plan or by Executive Order”; and

WHEREAS, in accordance with section 56-5-70(A) of the South Carolina Code of Laws, as amended, during a declared emergency and in the course of responding to the emergency, requirements relating to registration, permitting, length, width, weight, and load are suspended for commercial and utility vehicles traveling on non-interstate routes for up to one hundred twenty (120) days, provided that such vehicles do not exceed a gross weight of ninety thousand (90,000) pounds and do not exceed a width of twelve (12) feet, and requirements relating to time of service suspensions for commercial and utility vehicles traveling on interstate and non-interstate routes are suspended for up to thirty (30) days, unless extended for additional periods pursuant to the Federal Motor Carrier Safety Regulations; and

WHEREAS, the Federal Motor Carrier Safety Regulations limit, *inter alia*, the hours of service for operators of commercial vehicles, 49 C.F.R. §§ 390 *et seq.*; and

WHEREAS, pursuant to 49 C.F.R. § 390.23, the governor of a State may suspend federal hours of service regulations for commercial vehicles responding to an emergency if the governor determines that an emergency condition exists; and

WHEREAS, section 56-5-70(B) of the South Carolina Code of Laws provides that “[w]hen an emergency is declared which triggers relief from regulations pursuant to 49 C.F.R. [§] 390.23 in North Carolina or Georgia, an emergency, as referenced in the regional emergency provision of 49 C.F.R. [§] 390.23(a)(1)(A), must be declared in this State by the Governor”; and

WHEREAS, on August 3, 2024, the Governor of Georgia issued an Executive Order declaring that an emergency existed in the State of Georgia in connection with Tropical Storm Debby and temporarily suspending certain motor vehicle and transportation regulations, and the Governor of Georgia subsequently issued Executive Orders on August 7, 2024, and August 14, 2024, which extended the duration of the emergency declaration and continued certain provisions thereof; and

WHEREAS, on August 5, 2024, the Governor of the State of North Carolina issued Executive Order No. 311, declaring an emergency for the State of North Carolina related to Tropical Storm Debby, with said emergency declaration remaining in effect for a period of thirty (30) days, and suspending certain motor vehicle and transportation regulations for a period of fourteen (14) days; and

WHEREAS, in light of the foregoing circumstances, the undersigned has determined that additional regulatory flexibility is warranted to assist proactively in facilitating and supporting the operation of critical utility and transportation services and mitigating or preventing interruptions and delays in transporting essential supplies, equipment, and persons to or from any impacted areas

in the State of South Carolina or in connection with the declared emergencies in neighboring States; and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the undersigned's responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of South Carolina, after conferring with the relevant state and federal agencies, officials, and experts, the undersigned has determined that the above-referenced river flooding and other ongoing and evolving circumstances associated with Tropical Storm Debby constitute an actual or imminent emergency for the State of South Carolina and that extraordinary measures are necessary to cope with the existing or anticipated situation.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and of these United States and the powers conferred upon me therein, I hereby declare that a State of Emergency exists in South Carolina. Accordingly, for the foregoing reasons and in accordance with the cited authorities and other applicable law, I further order and direct as follows:

Section 1. Emergency Measures to Address River Flooding and Additional Impacts Associated with Tropical Storm Debby

A. I hereby activate the South Carolina Emergency Operations Plan ("Plan"), as approved by Executive Order No. 2023-11, and direct that the Plan be further placed into effect and that all prudent preparations be taken at the individual, local, and state levels to prepare for and respond to the aforementioned river flooding and other ongoing and additional threats and emergency circumstances related to, or resulting from, Tropical Storm Debby and the potential impacts associated with the same. I further direct the utilization of all available resources of state government as reasonably necessary to address the current State of Emergency. In accordance with Section 1(E) of Executive Order No. 2023-11, "[a]ll departments or agencies of the State shall execute, without delay, the emergency functions so designated in the Plan, or as further ordered or otherwise directed by the undersigned, during any emergency or disaster through the initial use of existing department or agency appropriations and all necessary department or agency personnel, regardless of normal duty assignment."

B. I hereby place specified units or personnel, or both, of the South Carolina National Guard on State Active Duty, pursuant to section 25-1-1840 of the South Carolina Code of Laws, as amended, and direct the Adjutant General to issue any supplemental orders he deems necessary and appropriate. I further order the activation of South Carolina National Guard personnel and the utilization of appropriate equipment, in the discretion of the Adjutant General and in coordination with the Director of the South Carolina Emergency Management Division ("EMD"), to take necessary and prudent actions to assist the people of this State. I authorize Dual Status Command, as necessary, to allow the Adjutant General or his designee to serve as commander over both federal (Title 10) and state forces (National Guard in Title 32 status or State Active Duty status, or both).

C. I hereby order that all licensing and registration requirements regarding private security personnel or companies contracting with South Carolina security companies in protecting property and restoring essential services in South Carolina shall be suspended, and I direct the South Carolina Law Enforcement Division (“SLED”) to initiate an emergency registration process for those personnel or companies for a period specified, and in a manner deemed appropriate, by the Chief of SLED.

D. I hereby authorize and direct any agency within the undersigned’s Cabinet or any other department within the Executive Branch, as defined by section 1-30-10 of the South Carolina Code of Laws, as amended, through its respective director or secretary, to waive or “suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency,” in accordance with section 25-1-440 of the South Carolina Code of Laws and other applicable law.

E. I hereby authorize and direct state agencies and departments to utilize the emergency procurement procedures set forth in section 11-35-1570 of the South Carolina Code of Laws, as amended, and any regulations issued pursuant thereto, as necessary and appropriate, to facilitate and expedite the acquisition of any critical materials, resources, or services during the State of Emergency.

F. I hereby declare that the prohibitions against price gouging pursuant to section 39-5-145 of the South Carolina Code of Laws, as amended, are in effect and shall remain in effect for the duration of the State of Emergency.

G. I hereby waive the requirement of a written mutual aid agreement for law enforcement services authorized by the Law Enforcement Assistance and Support Act, codified as amended in Title 23, Chapter 20 of the South Carolina Code of Laws, during the State of Emergency in accordance with section 23-20-60 of the South Carolina Code of Laws, as amended.

H. I hereby authorize and direct state agencies and departments, including state-supported colleges, universities, and technical colleges, to follow county government closure determinations, consistent with the normal state procedure associated with hazardous weather conditions, for purposes of closing state government offices in any such counties or operating the same on an abbreviated schedule to ensure the safety of state employees and the general public. Emergency or other critical personnel designated and determined by, and in the sole discretion of, the corresponding Agency Head, or their designee, as essential or mission-critical to the State’s preparation for or response to emergency conditions cited and described herein or otherwise necessary to serve the State of South Carolina or to ensure the continuity of critical operations of state government, may still be required to report to work. State agencies and departments shall utilize, to the maximum extent possible, telecommuting or work-from-home options for non-essential employees. Notwithstanding the foregoing, pursuant to section 25-1-440 of the South Carolina Code of Laws, as well as other applicable law, I hereby prohibit any county, municipality, or other political subdivision of the State of South Carolina from restricting access by essential

state employees to any location or facility that is occupied or utilized, in whole or in part, by any state agency or department. Accordingly, I hereby direct that any such county, municipality, or other political subdivision of the State shall authorize, allow, and provide access to said locations or facilities by any state agency or department, and the officials and employees thereof, as deemed necessary and appropriate and in the manner prescribed by the state agency or department so as to ensure the uninterrupted performance and provision of emergency, essential, or otherwise mission-critical government functions and services during the State of Emergency.

Section 2. Transportation Waivers to Facilitate Emergency Management

A. I hereby determine and declare that the existing and anticipated threats, circumstances, or conditions associated with the aforementioned river flooding and other ongoing and additional threats and emergency circumstances related to, or resulting from, Tropical Storm Debby, as further described herein, and the potential impacts related to the same constitute an emergency pursuant to 49 C.F.R. § 390.23 for purposes of suspending certain rules and regulations, as set forth below, for commercial vehicles and operators of commercial vehicles in accordance with 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws.

B. I hereby authorize and direct the South Carolina Department of Transportation (“DOT”) and the South Carolina Department of Public Safety (“DPS”), including the State Transport Police, as needed, to waive or suspend application and enforcement of the requisite state and federal rules and regulations pertaining to hours of service for operators of commercial vehicles operating in accordance with the provisions of any emergency declaration issued by the Federal Motor Carrier Safety Administration (“FMCSA”); responding or providing direct assistance, as defined by 49 C.F.R. § 390.5, to any emergency conditions in this State or any declared emergencies in the State of North Carolina or the State of Georgia or in other States in connection with the forecasted severe weather associated with the aforementioned river flooding and other ongoing and additional threats and emergency circumstances related to, or resulting from, Tropical Storm Debby or the anticipated impacts thereof; providing direct assistance to supplement state and local efforts and capabilities related to the same; or otherwise assisting with the existing or anticipated threats and circumstances identified and described herein, to include commercial vehicles and operators of commercial vehicles transporting equipment, materials, or persons necessary for the restoration of utility services or debris removal and those transporting essential goods and products, such as food, water, medicine, medical supplies and equipment, fuels and petroleum products (to include fuel oil, diesel oil, gasoline, kerosene, propane, liquid petroleum, and other refined petroleum products and related equipment or assets), livestock, poultry, feed for livestock and poultry, and crops and other agricultural products ready to be harvested (to include timber and wood chips).

C. I hereby authorize DOT and DPS, as applicable, to apply for or request any additional federal regulatory relief, waivers, permits, or other appropriate flexibility deemed necessary, whether pertaining to the transportation of overweight loads on interstate highways or otherwise, on behalf of the State of South Carolina and to promptly implement the same without the need for further Orders.

D. This Section shall not be construed to require or allow an ill or fatigued driver to operate a commercial motor vehicle. In accordance with 49 C.F.R. § 390.23, “a driver who informs the motor carrier that he or she needs immediate rest must be permitted at least ten (10) consecutive hours off duty before the driver is required to return to such terminal or location.” Likewise, this Section shall not be construed as an exemption from the applicable controlled substances and alcohol use and testing requirements in 49 C.F.R. § 382, the commercial driver’s license requirements in 49 C.F.R. § 383, or the financial responsibility requirements in 49 C.F.R. § 387, and it shall not be interpreted to relieve compliance with any other state or federal statute, rule, order, regulation, restriction, or other legal requirement not specifically waived, suspended, or addressed herein or addressed in any additional or supplemental guidance, rules, regulations, restrictions, or clarifications issued, provided, or promulgated by DOT or DPS.

E. Subject to any guidance, rules, regulations, restrictions, or clarification issued, provided, or promulgated, or which may be issued, provided, or promulgated, by DOT or DPS, as authorized herein or as otherwise provided by law, and notwithstanding the waiver or suspension of certain rules and regulations as set forth above, drivers in South Carolina are still subject to the following state requirements to ensure public safety:

1. Weight, height, length, and width for any such vehicle with a minimum of five (5) weight bearing axles on highways or roadways maintained by the State of South Carolina shall not exceed, for continuous travel on all non-interstates, United States, and South Carolina designated routes, maximum dimensions of twelve (12) feet in width (except as provided in Paragraph 5 below), thirteen (13) feet six (6) inches in height, and ninety thousand (90,000) pounds in gross weight.
2. Posted bridges may not be crossed.
3. All vehicles shall be operated in a safe manner, shall not damage the highways nor unduly interfere with highway traffic, shall maintain the required limits of insurance, and shall be clearly identified as a utility vehicle or shall provide appropriate documentation indicating they are responding to the emergency.
4. Except as provided below, any vehicles that exceed the above dimensions, weights, or both, must obtain a permit with defined routes from DOT’s Oversize/Overweight Permit (“OSOW”) Office. To order a permit, please call (803) 737-6769 during normal business hours, 8:30 a.m. – 5:00 p.m., or (803) 206-9566 after normal business hours.
5. In accordance with federal law, vehicles traveling on non-interstate routes within the National Network may not exceed a width of 102 inches or 8.6 feet without a special permit. A special permit for width on the National Network is available on DOT’s OSOW website, and a list of routes on the National Network is set forth in Appendix A to 23 C.F.R. Part 658.
6. Transporters are responsible for ensuring they have oversize signs, markings, flags, and escorts as required by the South Carolina Code of Laws and OSOW guidelines relating to oversize/overweight loads operating on South Carolina roadways.

F. I hereby authorize DOT and DPS to issue, provide, or promulgate any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application, implementation, or enforcement of this Section, or to otherwise provide clarification regarding the same, without the need for further Orders.

G. I hereby authorize and direct DPS, including the South Carolina Highway Patrol, as needed, to waive or suspend, in whole or in part, operation of the requisite rules and regulations, to include Regulation 38–600 of the South Carolina Code of Regulations, pertaining to the use of the South Carolina Highway Patrol Wrecker Rotation List.

H. This Section is effective immediately and shall remain in effect for thirty (30) days or the duration of the emergency, whichever is less, in accordance with 49 C.F.R. § 390.23 and section 56-5-70(D) of the South Carolina Code of Laws, except that requirements relating to registration, permitting, length, width, weight, and load are suspended for commercial and utility vehicles traveling on non-interstate routes for up to one hundred twenty (120) days, pursuant to the provisions of section 56-5-70 of the South Carolina Code of Laws, unless otherwise modified, amended, or rescinded by subsequent Order.

Section 3. General Provisions

A. This Order is not intended to create, and does not create, any individual right, privilege, or benefit, whether substantive or procedural, enforceable at law or in equity by any party against the State of South Carolina, its agencies, departments, political subdivisions, or other entities, or any officers, employees, or agents thereof, or any other person.

B. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this Order is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this Order, as the undersigned would have issued this Order, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

C. This Order shall be implemented consistent with and to the maximum extent provided by applicable law and shall be subject to the availability of appropriations. This Order shall not be interpreted, applied, implemented, or construed in a manner so as to impair, impede, or otherwise affect the authority granted by law to an executive agency or department, or the officials or head thereof, including the undersigned.

D. I hereby expressly authorize the Office of the Governor to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Order or to otherwise provide clarification regarding the same, through appropriate means, without the need for further Orders.

E. This Order is effective immediately and shall remain in effect for a period of fifteen (15) days unless otherwise expressly stated herein or modified, amended, or rescinded by subsequent Order. Further proclamations, orders, and directives deemed necessary to ensure the fullest possible protection of life and property during this State of Emergency shall be issued orally by the undersigned and thereafter reduced to writing and published for dissemination within the succeeding 24-hour period.

**GIVEN UNDER MY HAND AND THE
GREAT SEAL OF THE STATE OF
SOUTH CAROLINA, THIS 18th DAY OF
AUGUST, 2024.**

HENRY DARGAN MCMASTER
Governor

ATTEST:

MARK HAMMOND
Secretary of State
